

## PULL FLOOR LAMP – EU VERSION

**WHATSWHAT ON THE DESIGN** “The unique composition of the Pull Lamp provides the lamp with a unique personality that both organic and distinctively true to it’s Scandinavian design heritage. The partly exposed, partly hidden cord connects the elements and provides the mechanism to adjust the position of the shade. Moving the shade not only changes the light but also the character of the lamp.”

### DESIGNED BY / YEAR OF DESIGN

Whatswhat / 2012

### ABOUT THE DESIGNER

Whatswhat is a Stockholm based studio consisting of John Astbury, Bengt Brummer and Karin Wallenbeck. Established in 2010 they have already shown their work in New York, London, Tokyo, Paris and Stockholm, receiving international recognition for their work, winning the Muuto Talent award in 2010 and an Elle Interior Award in 2012.

### CATEGORY

Floor lamp
